I. INTRODUCTION

PURPOSE	<p>To address required CSU system-wide policy on budget oversight HSU developed a Budget Oversight Policy. To implement we will utilize our web-based enterprise budgeting system Questica. Financial reviews will compare budgeted and actual revenues and expenditures, including year-to-date activity and projected activity through the end of the fiscal year. Users within the Operating Module can enter adjustments to system-calculated projections on the Projection Report located in the Reporting Module.</p> <p>This Business Process Guide (BPG) provides step by step guide assisting end users navigate through the projection module.</p>
SCOPE	<p>Scope of this document pertains to Humboldt State University's version of Questica Budgeting software. Topics include creating, entering and submitting projection adjustments and records.</p>
DOCUMENT MANAGEMENT	<p>University Budget Office (UBO) retains all copies of Business Process Guides (BPG) and handles distribution.</p>

Note: This BPG assumes that the user will be familiar with browsing web-based, data interfaces (i.e. PeopleSoft, OBI, etc.). There are numerous cascading menus and drop downs available in the interface. Many of these are visible throughout Questica and accessed via entering text and right clicking in grids, cells and headers. Learning to use these will greatly improve your experience. BPG covering this functionality is available for download on the University Budget Office site.

II. OVERVIEW

Steps	Description
Frequency & Timeline	Financial reviews are quarterly exercises performed following the close of each quarter. The University Budget Office (UBO) will notify MBUs by the 15th of the following month to begin the financial review process. MBU approval and submission of projections are due at the end of the month following the close of each quarter (October 31st, January 31st, and April 30th).
Create a Projection Record and enter adjustments	<p>To start, MBU Analysts will create a Projection Record. Please check to see if a record has already been created for your respective area(s) as the UBO may have already done this.</p> <p>Next, run the projection report and enter projection adjustments to align projected year-end balances with your expectations. We encourage consulting your team (MBU/Dept. Analysts, Dean, AVP, Director etc.) to develop a shared understanding of upcoming activity informing projected year-end balances.</p>
Financial Review	<p>Review your MBU's financial position with projection adjustments entered and complete the <i>Financial Review</i> and <i>One Time Funding Request</i> (if a deficit is identified) sections in the Projection Record.</p> <p>If a financial concern (e.g. budget shortfall/anticipated year-end deficit) has been identified that the MBU cannot resolve internally within the MBU complete a one-time funding request form and route it to your respective Divisional Vice President and Budget Analysts for review and resolution.</p>
Documentation	Route the projection report to the MBU lead administrator for review and attached approval in the Documents section of the Projection record. Email correspondence indicating review and approval will suffice. In addition, upload completed one-time funding requests form addressing financial concerns, if applicable.
Reporting	Once projections are complete each quarter, the University Budget Office will provide summarized reports at the MBU level to URPC on a quarterly basis. In addition, the reports will be posted on the Budget Office website.
UBO next steps	UBO will reverse adjustments (zero out entered adjustments) to provide for a clean start when entering adjustments the following quarter. Note that adjustments entered will still be reflected when the report is ran through quarters where projection adjustments have been entered.

III. PROCESS

The following sections outlines how Projection Adjustment records are created, allowing user to attach documents and enter line item adjustments reflected on the Projection Report.

Field	Description
-------	-------------

Create a Projection Record

Path:
Operating >
Projections

The screenshot shows a navigation menu with the following items: Operating (highlighted), Capital, Salaries, Performance, Administration, and Help. Under 'Operating', there is a sub-menu with: Budget Transfers, Budget Transfer Lines, Budget Allocations, Statistical Forecasts, Statistical Actuals, Global Variables, Reserve Forecasts, Fund Balance Forecasts, Batch Processes, and Projections (highlighted with a red box). Below this is 'Projection Adjustments'.

The screenshot shows the 'Projections' interface. At the top, there is a 'Budget Year' dropdown set to '2018 - 2019', a search bar, and buttons for 'Search' and 'Advanced'. Below this is a table with columns: Display Name, Date, Internal Referen..., Submit..., MBU, and Description. The table contains several rows of projection records.

Display Name	Date	Internal Referen...	Submit...	MBU	Description
pmo18Q1-TEST - 410 - ADMINISTRATIVE AFFAIRS - VP	02/26/2019	pmo18Q1-TEST	pmo6	410 - ADMINI...	Enter Here
pmo18Q3-001 - 220 - MARKETING AND COMMUNICATIONS	02/15/2019	pmo18Q3-001	pmo6	220 - MARKET...	Q3 UBO Projection Adj. - Supplies and Ser...
pmo18Q3-002 - 230 - PHILANTHROPY	02/12/2019	pmo18Q3-002	pmo6	230 - PHILANT...	Adj. to accurately project I/T Software cost...
pmo18Q3-003 - 310 - ACADEMIC AFFAIRS - VP	02/15/2019	pmo18Q3-003	pmo6	310 - ACADEM...	Q3 UBO Projection Adj. - I/T Software
pmo18Q3-004 - 335 - ACADEMIC PROGRAMS	02/15/2019	pmo18Q3-004	pmo6	335 - ACADEM...	Q3 UBO Projection Adj.
pmo18Q3-005 - 340 - UNIVERSITY LIBRARY	02/15/2019	pmo18Q3-005	pmo6	340 - UNIVER...	Q3 UBO Projection Adj. - WORK REQUEST...

Records may not appear when first when the page first loads. If not, click "Search" to bring up existing records.

Click on '+Add Projection' to open pop-up window below

The screenshot shows a dark blue bar with buttons for '+ Add Projection', 'Layout', 'Import...', and 'Export'. The '+ Add Projection' button is highlighted with a red box.

Note: Please check to see if a record has already been created for your respective area(s) as the UBO may have already done this. If so, skip this step.

Complete each field in the New Projection Record.

One record per MBU is to be created each quarter (3 records per MBU in a fiscal year)

Note: multiple adjustments can be entered within one record.

The screenshot shows the 'New 2019 Projection Record' form. It has the following fields: Date (09/30/2019), Quarter (Q1), Internal Reference Number (i.e. pmo18Q1-01) (pmo19-01), Description (2019 Q1 CNRS Projection Adj.), MBU (370 - COLLEGE OF NAT RES. - SCIENCES), and Submitted by (i.e. pmo) (pmo6). There are 'OK' and 'Cancel' buttons at the bottom.

Date: Enter date projection record is created
Quarter: To correspond with quarter completed (i.e. enter "Q1" for projections adjustment through September)
Internal Reference Number: Username-pmo Year-19 Quarter-Q1 User assigned number-01
Description: Enter a projection adjustment description
MBU: Select applicable MBU from the drop down list
Submitted by: Enter username initials
Click OK: A new tab will open with a Projection record screen. (Ensure pop-up blocker is disabled)

A **Projection Record** has three sections. Projection Record, Financial Review and One-Time Funding Request.

Financial Review and One-Time Funding Request sections are to be completed after adjustments are entered.

- 1. Projection Record:** Holds general information such as MBU, Date, Quarter, and Submitted by, etc.
- 2. Financial Review:** Questions ensuring a financial review has been performed.
- 3. MBU One-Time Funding Request:** If a deficit is expected a one-time funding request is to be submitted.

Entering Projection Adjustments

To start entering adjustments select the **'Project Adjustment'** on the left panel. You will be presented with the Projection Adjustments grid

Quarter	Accounting Date	Fund-Department	Account	Program	Amount	Document Line Number Description	
Fund-Department: HMCMP - HM500 - D20016 - ENROLLMNT MGT AVP OFFICE							
Q3	2019-03-31	HMCMP - HM500 - D200...	613001 - C...		42,969.00	SEM Works / Registry contract	
Q3	2019-03-31	HMCMP - HM500 - D200...	616003 - IT ...		23,000.00	IT hardware refresh - all EM; may allocate funding dept b	
Q3	2019-03-31	HMCMP - HM500 - D200...	660002 - PR...		2,000.00	FAO award letter printing	
Q3	2019-03-31	HMCMP - HM500 - D200...	660042 - E...		(4,734.00)	No additional AVP recruitment expenses planned this year	
Q3	2019-03-31	HMCMP - HM500 - D200...	660804 - W...		9,000.00	AVP Suite Remodel - work space addition (Heese)	
Q3	2019-03-31	HMCMP - HM500 - D200...	660932 - OE...		30,000.00	Preview Plus bus contracts, housing, food; unclear where	
						102,235.00	
Fund-Department: HMCMP - HM500 - D20017 - ADMISSIONS							
Q3	2019-03-31	HMCMP - HM500 - D200...	572000 - TR...	P0316 - P...	26,764.00	Trans in from D20016 - unallocated OE	

1. If not already selected start by using the Default Layout by clicking on Layout on the top right.
2. The UBO may have entered high level projection adjustments to recalibrate system-calculated projections. Please update these line item projection adjustments as you see fit.
3. A projection adjustment calculator has been developed to assist with making adjustments. Please refer to the [Qwestica Proj. Report - Excel Field Calc & Adj. Calculator](#) file on the UBO Qwestica Tab website.

Projection Adjustment Fields (columns)

Field	Description
Quarter (Required)	To correspond with quarter completed (i.e. enter "Q1" for projections adjustment through September)
Accounting Date (Required)	Enter a date within the quarter that just closed (i.e. If Q2 just closed enter a date no later than 20XX-12-31)

Fund Department (Required)	Select the Fund-Department to which the Adjustment applies from the drop down list
Account (Required)	Select the GL Account to which the adjustment applies
Program	Select from the drop down list (if applicable). Projection report only goes down to the program code level. Class and Project code are not included.
Amount (Required)	Enter the amount of the adjustment. (i.e. if report calculated projection is \$20K and expected year-end actuals are \$15K enter a negative \$-5K adjustment for that chart-field.)
Document Line Description	Enter a line item description for further details
Save adjustment	Press Ctrl + Enter or click outside the field to save the new line item.

Financial Review

After adjustments have been entered and projected year-end financial position has been determined address the following inquiries.

Financial Review

Check box if area will spend within available budget
 Check box if projections including adjustments accurately reflects activity
 Check box if all departments within your fiscal authority have been reviewed
 If any of above boxes are not checked please provide details addressing why

If potential future financial concerns are foreseen please describe areas of concern

Orientation has a deficit that continues to grow with the decline in enrollment. Cannot support 1.2 FTEs and necessary programming with enrollment at the current level. Orientation fee revenue is not adequate to fund 1.2 FTEs and necessary programming for Orientation in RS007. Fall Preview RS576 has been a financial burden for two years in a row. Attendance and fees collected are far below the cost of running that event.

Check box if financial review approval from budget administrator has been uploaded

Note: Checking the last check box "financial review approval from budget administrator has been uploaded" will signal the UBO the Projection Record is ready for review. Email correspondence indicating review and approval will suffice.

MBU One-Time Funding Request (if necessary)

If an MBU is projected to end the fiscal year with a deficit a One-Time Funding Request Form is to be filled out, submitted for resolution and attached in the documents section.

MBU One-Time Funding Request (if necessary)

Check box if deficit is identified and one-time funding request will be submitted
 If submitted, provide additional one-time funding request amount: 0
 If funding request has been submitted please describe financial concerns and actions to be taken: N/A

If submitted, check box if approved one-time funding request form has been uploaded

1. Within the projection record check off "Check box if deficit is identified and one-time funding request will be submitted".
2. A formalized one-time funding request form must be submitted by the MBU lead administrator to the division Vice President. Request to include written details regarding research to be conducted, a resolution plan, and expected final completion dates.
3. If the financial concern cannot be addressed within the division, a formalized request must be submitted by the division Vice President to the University Resources & Planning Committee (URPC) for one-time funding consideration. The URPC will make a recommendation to the President, who will then approve the funding request or determine an alternate course of action.
4. Form Location: University Budget Website > Questica tab: Additional Resources <https://budget.humboldt.edu/questica-resources-and-information>

Documentation

Select **Documents** from the left menu to attached administrator approval and one time funding request form, if applicable.
