RE: URPC Recommendation to the President Regarding Vacated Football Space Allocations 2019

The URPC recommends the space allocations as proposed by Cabinet and the University Space & Facilities Advisory Committee's (USFAC). A complete list of the recommended space allocations was provided in the [Cabinet Memo to URPC dated May 2](#) and was discussed at length in the URPC meeting on May 10th.

The committee commends the USFAC for undertaking an open and transparent space allocation process guided by the Integrated Assessment, Planning, and Budget (IAPB) process framework. In future cycles, the URPC recommends enhancements to the rubric and further clarification to the process regarding what happens to an applicant's currently held space, which may become vacant or no longer needed, as a result of the applicant's requested space allocations being approved.
